About Orion Energy Systems

Orion Energy Systems, Inc. (NYSE MKT: OESX) is a leading power technology enterprise that designs, manufactures and deploys energy management systems — consisting primarily of high-performance, energy efficient high intensity fluorescent (HIF) and light emitting diode (LED) lighting platforms, intelligent wireless control systems and direct renewable solar technology for commercial and industrial customers — without compromising their quantity or quality of light. Since December 2001, Orion's technology has benefitted its customers and the environment by reducing its customers':

- Energy demand by 823,192 kilowatts, or 27.9 billion kilowatt-hours;
- Energy costs by \$2.1 billion; and
- Indirect carbon dioxide emission by 18.1 million tons.
